

May 15, 2026

Dear Rett Community,

We are honored to share that 10 students have been selected as the recipients of the third annual Rett Sibling Scholarship for the 2026–27 academic year. Each recipient will receive a \$5,000 scholarship to support their pursuit of higher education.

Sponsored by Acadia Pharmaceuticals Inc., the Rett Sibling Scholarship was established to recognize and uplift the often-unsung heroes of the Rett syndrome community—siblings. These individuals play a vital role in their families, often helping with caregiving and support while also striving to reach their own academic and personal goals.

This year's recipients come from across the country, including Alabama, California, Florida, Kansas, Maryland, Massachusetts, Missouri, and Nebraska. Their fields of study span business & finance, health & clinical sciences, and STEM & behavioral sciences—reflecting a deep commitment to making a difference in their communities and beyond.

The selection process is independently managed by International Scholarship and Tuition Services (ISTS). Scholarship funds will be issued in August 2026 and may be used toward tuition, fees, books, and supplies required at accredited U.S. institutions.

We are incredibly proud to support these inspiring students and grateful to the Rett community for their participation.
